My goal is not to sell tickets to the event depicted above, but to help you build a helps ministry to assist your flock (and surrounding communities) in improving their finances and becoming stable home owners while helping your ministry with its own properties and financial needs.

You can use this as a fundraiser or simply just to kick off this significant blessing through your church! I can only do this **one time** as I am moving around the country offering the same venues to other city areas and churches.

Please call me immediately as I will only do this for the first two or three churches to give the green light! This is an extremely **LIMITED** opportunity!

Stay Blessed!
